OUR PEOPLE

The Buxton Construction team is made up of highly experienced industry professionals, each recognised for their solid contribution to the building and construction industry. Offering specialised expertise, our team has the skill base and quality assurance to ensure success in each project it undertakes.

ANDREW BRIGGS / MANAGING DIRECTOR

Andrew's contribution to the building industry since 1977 has seen him excel across carpentry, construction and management roles.

Since joining the management team at Buxton Construction in 1994, Andrew assisted the business grow in annual turnover from \$2million to in excess of \$100million. In 2009 Andrew purchased 100% of Buxton Construction from Richard Buxton. Andrew's focus, commitment and hands-on approach is evident across every facet of construction from feasibility, design and estimating, to cost planning, business management and project delivery.

ANDREW HUME / DIRECTOR MANAGER – ESTIMATING & NEW BUSINESS

Andrew has an extensive career in the construction industry, with senior positions specialising in estimating and cost planning at the likes of Abigroup, Brookfield Multiplex and Costain where he has played a pivotal role in many of Melbourne's landmark projects. Andrew's professional and dedicated work ethic led to his appointment in 2015 as director and manager of estimating and new business.

With enduring business relationships throughout Southeast Asia, New Zealand and Australia, he has extensive knowledge of the construction business.

ANTHONY FLYNN / CONSTRUCTION MANAGER

Anthony is responsible for the overall delivery of all projects undertaken by Buxton Construction. Whilst providing valuable support for the onsite construction teams, Anthony also assists with procurement, programming, cost control and troubleshooting, to ensure every project is delivered on time and to the highest standard.

Having a background in design, together with extensive experience gained from working at Tier 1 & 2 construction companies, Anthony is an invaluable asset for assisting project teams to achieve the best possible outcomes.

STEPHEN BAKER / COMMERCIAL MANAGER

With industry experience since 1990, Stephen has a broad understanding of all facets of construction. Stephen began his career in the United Kingdom as a Quantity Surveyor before relocating to Australia to take up several recognisable roles within some of Australia's leading construction companies.

With extensive experience, Stephen is an integral part of the Buxton Construction team, managing the commercial integrity of the business via commercial activities, planning and budgeting, monthly reporting and any legal requirements.

MARK TRELOAR / SENIOR DESIGN MANAGER

As a registered architect, Mark delivered some of Australia's landmark projects, including large-scale builds of over \$350 million. Mark's commitment to design management is underpinned with professionalism, a widespread skill base and extensive experience in Tier 1 construction companies.

Working closely with the estimating team to oversee design phase cost planning, Mark ensures a successful outcome for all Buxton Construction stakeholders.
